Believing in vain is where most people are: They believe Jesus was alive and died and he rose from the dead and is in heaven... Their believing in Jesus is the same as believing in ghost, santa, men on the moon, #monkey-men, satan, ufo's, and demons. Their believing is in vain because they will not obey. In the bible #believing = #obeying, that's why Jesus is the word of God. Everyone believes there is a God: all choose a belief to believe or belief to obey. Atheist, are #deaf-dumb-blind liars, Christian who don't obey and promote sin are criminals, and Jews who don't believe they are #divorced and don't obey are insane. Grow in Grace <Titus 2:11-15>

Mars One Mission Statement:

Mars is the stepping stone of the human race on its voyage into the universe. Human settlement on Mars will aid our understanding of the origins of the solar system, the origins of life and our place in the universe. As with the Apollo Moon landings, a human mission to Mars will inspire generations to believe that all things are possible, anything can be achieved.

In 2013 is astronaut selection

In 2017 will be astronaut training

In 2022 A demonstration mission to #Mars will be launched to provide proof of concept for some of the technologies that are crucial for Mars One's human mission to Mars. Beyond launch and landing on Mars, the mission will prove several important technologies for Mars One's human mission. The lander payload will include:

A camera to enable a video stream from Mars to Earth.

<Will we receive real live pictures and no animations? Like real live pictures of the Mars one mission landing on Mars....>

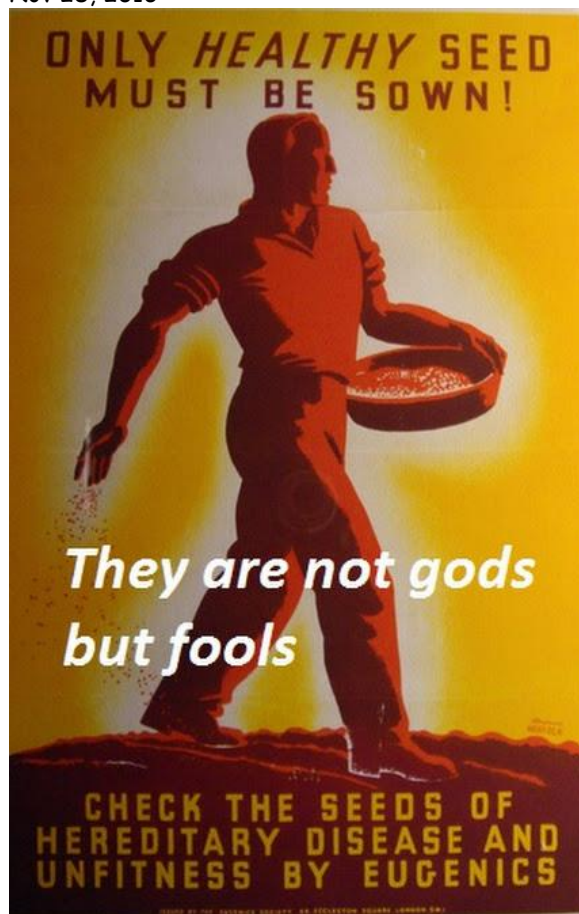

I guess that wont happen until 2024 when a communications satellite will be launched to Mars where it will be placed into stationary Mars orbit. This satellite will enable communications between Earth and Mars and relay images, videos, and other data from the Mars surface on a 24/7 basis, except when the sun is between the two planets. A water extraction experiment to confirm that water can be extracted from the Martian soil, one of the most critically important aspects of human life on Mars.

<Why not find out now before spending our money wasting 5 years preparing astronauts for a Mars mission if they cannot survive on Mars? You say there is water so show us water first with our monies. That should have been done already.>

<I don't need to scrutinize Mars One plans to colonize Mars no further because it is a money grab #scam on all working peoples of Earth . With all of NASAs know how and basically the whole of Earth's resources, man has yet to show any unmanned or manned vehicle exit Earth's atmosphere and enter space. This is how it always happens; vehicles are real in our atmosphere then they appear in space as cartoons, THINK ON THAT. For the safety of everyone entering space and man's ego that should have been the greatest accomplishment man has ever done and seen. Can it be that no vehicle has left our #atmosphere ever?>

#Geoengineering: The deliberate large-scale manipulation of an environmental process that affects the earth's climate, in an attempt to counteract the effects of global warming.

#Eugenics: The science of improving a human population by controlled breeding to increase the occurrence of desirable heritable characteristics. This is how cursed man is: both of these pseudo-sciences are for good reasons when you look on the surface. That's what they do, brainwash the people with only what's on the surface of these pseudo-sciences altered with a mind blowing dose of fear. How can you disprove global warming with a lie? This is the fallacy of many truth seekers. Global warming is a lie; you cannot prove it to be a lie with a lie, and it is impossible if the name keeps changing. If they cannot keep the same name as a fact or as truth then that name and what they are naming is no fact and was never true. The naming is a psych job based on fear mongering, the name is a fad that is relevant and contemporary, climate change is a made up name like "contempervent". They change the name by using the popular slang of the day to match the manmade fear mongering with no actual science facts . That is why global warming is now climate change. Next, they will change the name from "climate change" to "GLOBAL WARNING" then to "weather change". This is how far they will go to enslave the people; we will have to pay for natural functions, when this occur, look for a tax on breathing oxygen in and expelling CO2 out. We have to stop the foolishness of these greedy #psychopaths that worship the science of #eugenics with delusions of #geo-engineering and #vaccinations. These people are NOT gods they are FOOLS and should be treated as such.

Florida Declares New Zika Transmission Zone In
Miami After Five Local Cases Surface:
To those that have ears to hear, not to the many
that love their prostitutes that give them fear
porn daily like "genetically modified #mosquitoes
". Do you really know Zika?
Did you know zika was notice in the 40's? The Zika
virus was first discovered in 1947, during a routine

surveillance for yellow fever in the Zika forest in
Uganda AFRICA by Yellow Fever Research
Institute scientists. The term "ziika" means
"overgrown" in Luganda. ... That year, researchers
isolated the Zika virus from a captive rhesus
monkey at the forest. From World Health
Organization www.who.int make sure you read the
zika timeline at their site.

Did you know who notice zika? Alexander John
Haddow was born on the 27 December 1912, son of
Alexander and Margaret Blackburn Haddow. He
married Margaret Ronald Scott Orr in 1946 and
they had two sons. He was educated at Hillhead
School, Glasgow, Scotland, before going onto study
at the University of Glasgow, obtaining his BSc
with First Class Honours in Zoology in 1934. In the
following session he was the Strang-Steel research
scholar. In 1938, he graduated MB ChB and then
held an MRC Junior Research Fellowship in tropical
medicine for the next three years. In 1942 he
moved to Africa to become an entomologist at the
Yellow Fever Research Institute, Entebbe, Uganda.
Three years later Haddow became a member of
staff with the International Health Division of the
Rockefeller Foundation of New York, United
States. He remained with the Foundation until
1949 when he began work for the Overseas
Research Service in Uganda. In 1950 he joined The
East African Virus Research Institute as an
epidemiologist, becoming Acting Director in 1952,
and Director in 1953. Haddow was a key member
of the investigative team who originally discovered
the Zika virus and a collection of his original
research documents, including the first known
identification of the Zika virus in mosquitoes in
1948, are held by Archives and Special Collections.
Professor Haddow donated his archive, which also
includes papers on Yellow Fever and records
relating to his study of traditional Scottish Music,
to the University of Glasgow at the end of his life.

Around the same time, the 40's The Rockefeller
Foundation a known and documented #eugenicist
group helped found the German #eugenics
program and even funded the program that Josef
Mengele worked in before he went to Auschwitz,
they also owns the patent on the zika virus.
#Eugenicists in Africa, just put one and one
together.

Bill Gates told the conference "that the goal is a lower population, and using vaccines to improve early childhood health is a step in that direction..." Ted Turner, the Rockefellers, and others (in the NWO) are the rich psychopaths that practice eugenics in our time.

Don't worry too much about genetically modified mosquitoes just Beware! Be really skeptical of rich people asking you to get a vaccine especially for your child, when it is for something so convoluted to understand the when, where... and how's of its origins. The zika virus is based on fear alone and no knowledge. Just putting two and two together that's all.

Please grow in Grace. Titus 2:11-15

A blogger quoted "We are not sinners because we sin. We sin because we are sinners." I can't get my thoughts to mesh with that statement, let me reverse the statement; "We are sinners because we sin not. We sin not because we are not sinners." Please if anyone can find reference of any one those statements in the words of God, let me know. How am I to make sense out of that statement (I can't) but maybe I can read about who wrote the statement. First the statement has to be reference by the words of God, and I can't find any. The blogger says "a man of god wrote that statement." Who is this man of god? R.C. Sproul...well that is enough said, he is a Calvinist, and promote sin, and the only way out of sin is to be the elect or the selected, and the time being selected or the elect is from the beginning of time and nothing the elect or selected can do to change god. They can change their doctrine to the flavor of the month less "Calvinist" to more "catholic" to lets "coexist", who cares god will always love you. As long as they keep you as merchandise the man of god has you doing rituals to keep you from going to hell. Like buying his ridiculous book and parrot

his sayings that contradict our Lord Jesus. REALLY "We are not sinners BECAUSE we sin", I am not a thief because I stole, I stole because I am a thief. That statement is nothing but away to chaos, confusion, and corruption, only a man posing as a man of God will do. What's really sad is the man of god does not believe the doctrine he prescribes too because it keeps changing like a fad.

An #ignorant-genius is equal to a sinning Christian. Is it an oxymoronic statement, when people say "why do Christians sin?" or is it "why sinning Christians can not stop sinning"? Only God can forgive sins, and Jesus was manifested to end sin through repentance. So our Lord Jesus is God in the flesh <John 2:1>CAUSE HE OBEYED< THERE IS KNOW INIQUITY IN HIM. This is the kind of #doctrine and similar types of doctrine that is spread abroad every day, for example: A man said to a group of men, "If a person does not have a vice that person has a lot of skeletons." Then he defined skeletons as dead bodies in the basement, cheating on their spouse, or something hidden in the closet. "Believe me they are doing something wrong," This guy is very popular in the world.

Another man said "there is know way you can go through life without sinning as a Christian, you have to repent every time you sin". This guy is known as a pastor to Christians.

These guys are very different but their doctrines are very similar. One is the world point of view the other is the religious point of view, they both are based on how you #cannot-obey-God.

We do not need the bible to see this doctrine is happening everywhere, every day, all day, on all things made by man in the world.

A person asked me do you have to stop sin first to receive forgiveness? I ask this: are you free from the bondage of sin, because anybody can stop sinning but only Jesus can free you from sin. How can a humble and meek heart be sinning and ask God for forgiveness? Only a broken heart can come to Jesus, someone who #knows in their heart it needs to be fixed, someone who searched the truth on how in #INIQUITY WE LIVE, WE ALL SIN FROM #IGNORANCE to live in this age Jesus always freed the person of bondage then he forgave their sin. A drunk was never freed by Jesus, a whore was freed by Jesus but she was not #whoring when she was freed.

There is too much doctrine of men; there are #two-commandments we must follow, "On these two commandments hang all the law and the prophets".

The one who #sins never knew Jesus, God manifested in the flesh to free us from sin. Hallelujah

After I listen to their faith alone doctrine I looked in the scriptures. The only place I see the words #faith-alone in verse in the WORD is here "Even so faith, if it hath not works, is dead, being alone." <Jas 2:17> they said "all you need is faith alone to be accepted".

The first time God, the #Alpha spoke to man outside the garden was to #Cain "IF thou doest well, shalt thou not be ACCEPTED? And if thou doest not well, sin lieth at the door. And unto thee [shall be] his desire, and thou shalt rule over him." Some translations are confusing, after getting confirmation it says "If you do my will or obey my word, you will be accepted? (in Hebrew "be accepted" was translated from be lifted), If you do not my will or disobey my word, sin lies at the door? (this means you breed sin in thought) James verifies what God said to Cain about sin, "But every man is tempted, when he is drawn away of his own lust, and enticed. Then when lust hath conceived, it bringeth forth sin: and sin, when it is finished, bringeth forth death". <Jas 1:13-15>

The rest of the verse says "and unto thee shall be his desires and thou shalt rule over him". Some translations say; rule over it, take dominion, thou shalt rule over him <Gen 4:7>... is this telling me to rule over sin, or the desires, or is this saying the desires will rule over him? Again James confirms the lust and desires will rule him. <Jas 1:13-15> Also Paul also verifies what God said to Cain when

he wrote "Know ye not, that to whom ye yield yourselves servants to obey, his servants ye are to whom ye obey; whether of sin unto death, or of obedience unto righteousness?" <Rom 6:16> and our Lord Jesus said "Verily, verily, I say unto you; whosoever commits sin is the servant of sin". <John 8:34>

There are so much more on being accepted and not being accepted. But the last thing Jesus the Omega says, and there are know IF's "He that is unjust, let him be unjust still: and he which is filthy, let him be filthy still: and he that is righteous, let him be righteous still: and he that is holy, let him be holy still. And, behold, I come quickly; and my reward [is] with me, to give every man according as his work shall be. I am Alpha and #Omega, the beginning and the end, the first and the last". <Rev 22:11-13>

Escape sin, flee from sin, and don't walk in the path of sin. Be lead away from sin and you will be accepted

Know way your deeds will be accepted by God until your heart is washed. That is until you have submitted to Jesus all your heart, all your soul, mind and strength then the power of God is in you.
